THE DEATH IS ANNOUNCED of Dr. FRANZ KRAŠAN of Graz, Austria. Dr. KRAŠAN is perhaps best known by his writings concerning evolution, which contain records of interesting experiments, as well as somewhat speculative conclusions. In the field of plant geography, he was interested especially in the influence of the earth's heat as a phytogeographic factor, and also in the vegetation of Styria.

A NEW BOTANICAL JOURNAL has been established at Stockholom, with the title "Svensk Botanisk Tidskrift." It is published by the Swedish Botanical Society, the editorial committee being O. ROSENBERG, K. BOHLIN, G. LAGERHEIM, N. SVEDELIUS, and R. SERNANDER, with ROSENBERG as editor. Four parts will be issued each year, the subscription price being 15 kroner. Two parts for 1907 have appeared, containing about 300 pages.
